

DRB & Pre-Development Standard Messages

GIS

1. **Road Name Sign:** Fees are due before Final approval. Harnett County installs and maintains ALL road name signs within the county jurisdiction.

If you choose to use custom road name signs, you are still required to pay the Road Name Sign fee for future maintenance issues.

You shall submit a document stating your intentions to use County road name signs or Custom road name signs to GIS at gis@harnett.org.

2. **Post Office:** You must contact the local Post Office to inform them of the project. They will need to provide you a document or email approving the project and the placement of the mail kiosk/clusterbox.

Your USPS contact for this project is _____.

You shall forward a copy of the USPS approval document to GIS at gis@harnett.org.

3. **DWG File:** Please submit a .dwg file of the Final plat once it is recorded at the Register of Deeds to GIS at gis@harnett.org. The following data is required lot lines, lot numbers, right of ways and easements.

Note: Mapping and Addressing of the recorded plat will begin the next business day after the recorded date. Corner lots and large lots will not be addressed until a site/plot plan is submitted to GIS at gis@harnett.org.

If you have any questions email GIS at gis@harnett.org
